Horoscope Charts

Lagna Chart(Birth Chart)

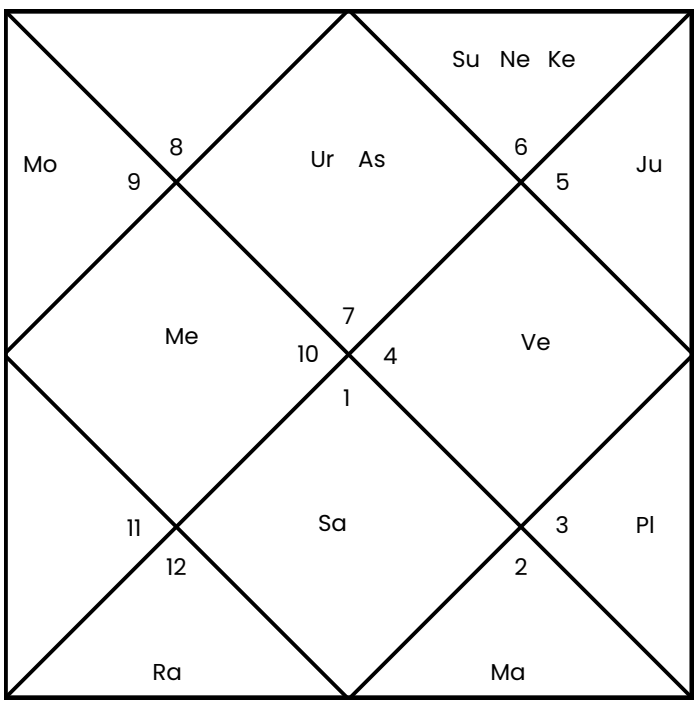

The Ascendant, also known as the Lagna, signifies the degree of the zodiac sign that is ascending above the eastern horizon during an individual's birth. This pivotal point holds immense significance within the natal or Lagna chart. Essentially, it establishes the initial house of the horoscope, subsequently shaping the arrangement of the remaining houses according to the sequence of the zodiac signs. As a result, the Lagna not only defines the rising sign but also serves as the foundation for delineating all the other houses present in the chart.
